# Today's Presenters

**GINA MCDONALD**  
Managing Director,  
Nonprofit and  
Grantmaker Advisory

BDO

**DOMINIQUE JONES**  
Executive Director

Global Kids

**YOUNG SOOK NA**  
VP, Finance

Global Kids

# Today's Session

- ▶ Trends in Nonprofit Operations
- ▶ Options for Automation in the Finance Function
- ▶ *Case Study: Global Kids*
- ▶ Implementation
- ▶ Wrap-Up

# What Is Your Organization's Expense Budget?

1	Below \$250K
2	Between \$250K and \$1M
3	Between \$1M and \$5M
4	More than \$5M

# What is your organization's mission area?

1	Animals & Environment
2	Arts & Culture
3	Advocacy & Organizing
4	Capacity Building & Leadership Development
5	Community Development & Workforce
6	Healthcare & Aging
7	Housing & Shelter
8	Social Services
9	Education & Youth
10	Self-Help, Peer Support, Associational
11	Other (in the chat)

# What types of software solutions are you considering for use at your organization?

1	Banking Technology
2	Expense Management Software
3	Electronic Bill Payment
4	Payroll and Time & Attendance
5	Electronic Invoicing & Cash Receipts
6	Monthly Close Workflow
7	Fundraising
8	Budgeting & Planning
9	Dashboards

# BDO 2023 Nonprofit Benchmarking Survey

## INVESTMENT IN TECHNOLOGY

Of the nonprofits that are planning to select a new Enterprise Resource Planning (ERP) system, they say their top reason is ease of use

# Sector Trends

Automation &  
Technology  
transformation

Cybersecurity Threat

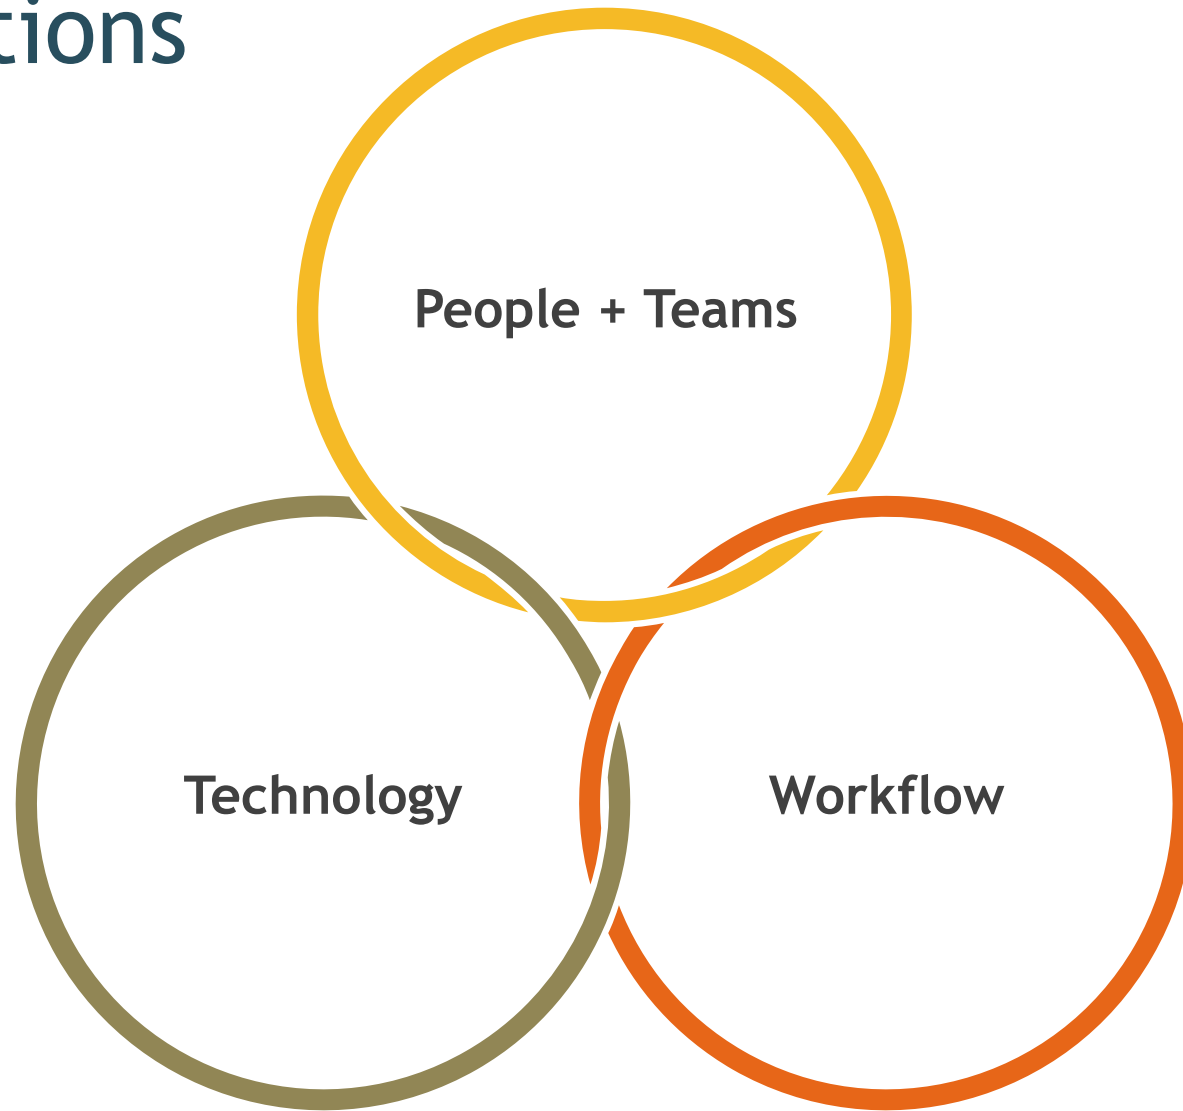

Financial Strategy  
and Enablement

Enterprise Risk  
Management

Role of Board

- ▶ Changes in operating models
- ▶ Increase in ERP system selections due to sunsetting of legacy applications.
- ▶ Focus on other systems (Grants, Compliance, Program Data, FPNA)
- ▶ Process mapping, staffing and change management still important
- ▶ Evolving compliance landscape and increased focus on Enterprise Risk Management in the 'new normal'
- ▶ Increasing overhead costs & Indirect costs rate/structure implications
- ▶ Boards will need to become more & more sophisticated

# Operations

# Financial Management: A Team Sport

# Levels of Financial Management

## STRATEGIC

Lead and support organizational financial planning and monitoring

## MANAGERIAL

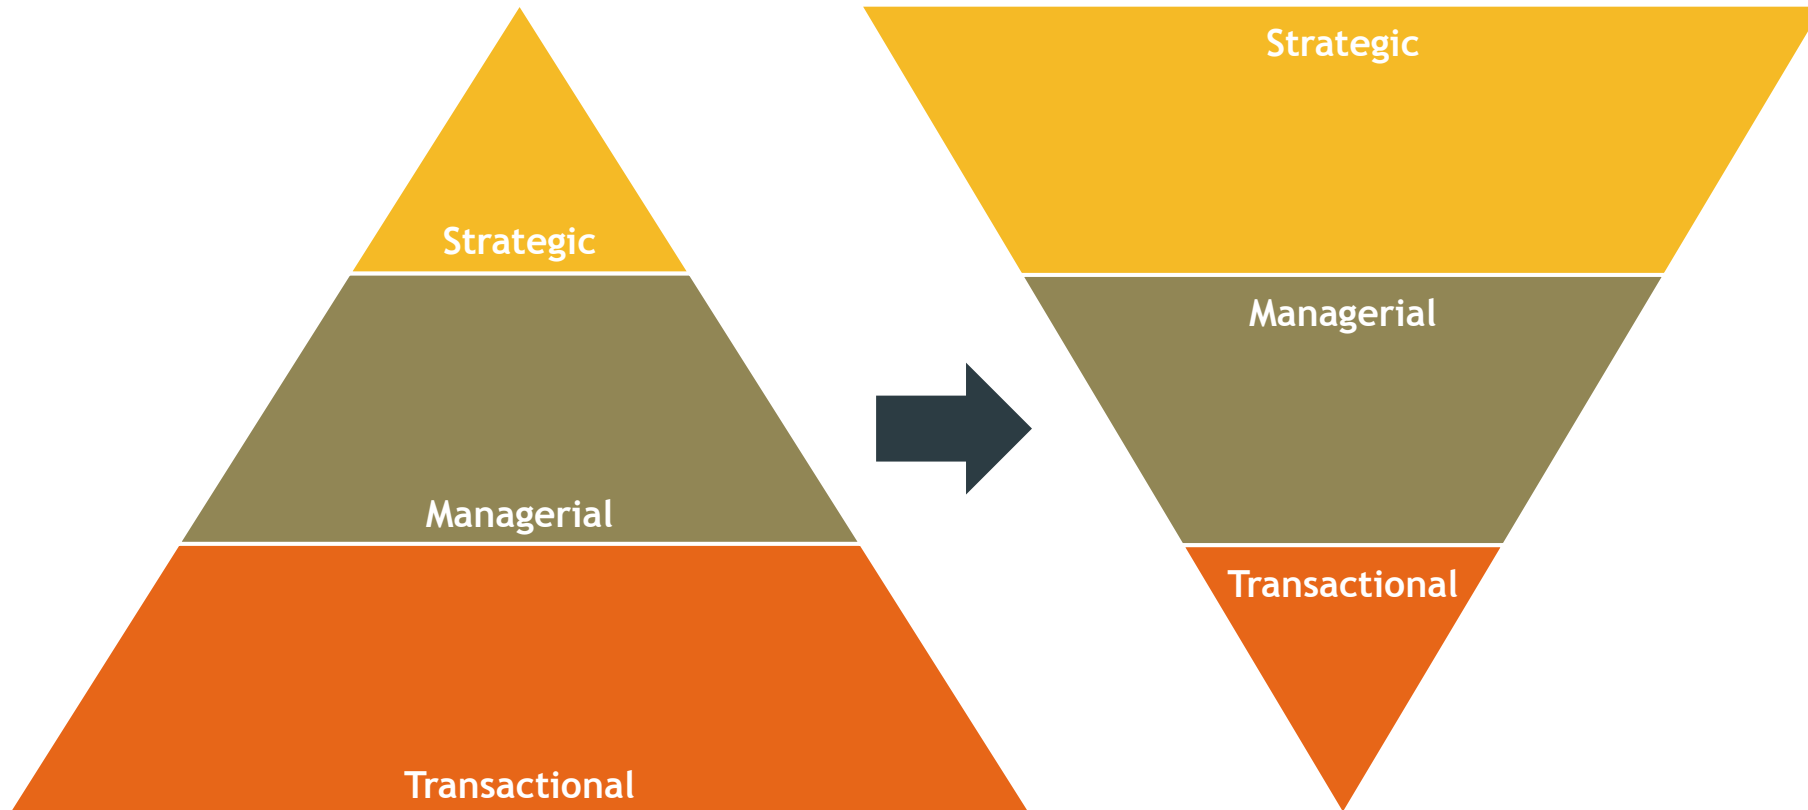

Ensure finance is effectively carrying out its operational responsibilities

## TRANSACTIONAL

Perform day-to-day accounting functions, data entry, and finance administrative tasks

# Levels of Financial Management

**NONPROFIT  
FINANCIAL  
COMMONS**

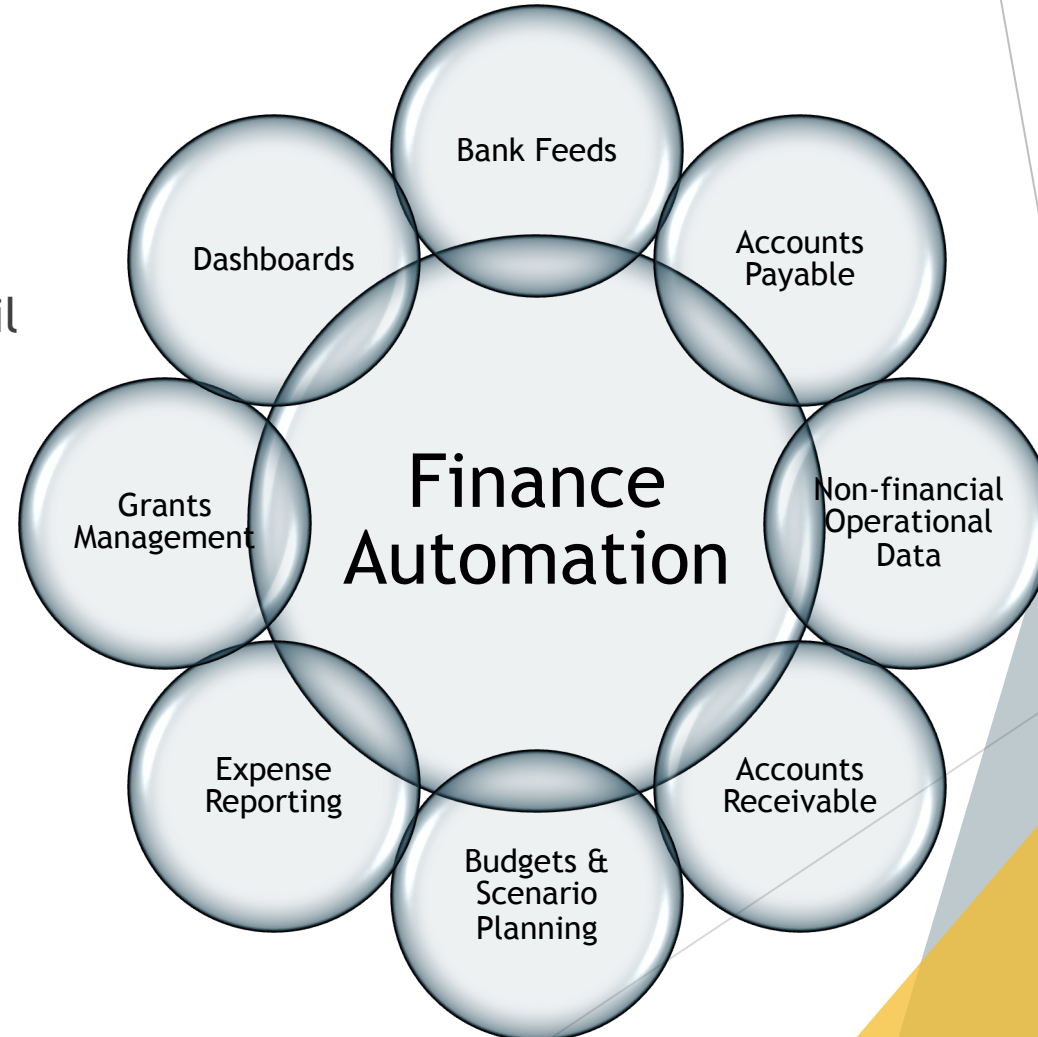

# Finance Software Ecosystem

# Automation

Automated workflows and processes enable nonprofits to accomplish meaningful work easier and faster:

- ▶ Consistent workflows
- ▶ Data integration
- ▶ Approval documentation and audit trail

# Solving for Common Pain Points

Lack of real-time visibility into key metrics and budgets

Lack of integration between critical applications

Manual, time-consuming reporting  
(can't slice & dice data)

Complex, slow, and error-prone manual work and spreadsheets

# Options for Automation

# General Ledger Expectations

## BASIC FUNCTIONALITY

- ▶ Flexible Chart of Accounts
- ▶ Accounts Payable
- ▶ Accounts Receivable
- ▶ Reporting against budgets
- ▶ Ability to import/export data
- ▶ View-only access for end-users
- ▶ Cloud capability / Web-hosting
- ▶ Paperless document management

## DIFFERENTIATORS

- ▶ Fund accounting
- ▶ Automated allocations
- ▶ Dashboards
- ▶ Electronic workflow routing
- ▶ Purchase requisitions
- ▶ Customizable reports

# Data Flow Between Systems

What makes sense for the data flow between systems?

Manual entry of all data points into each system

Manually entering "batched" totals

Downloading & uploading data between systems

Building a digital "bridge" to transfer data seamlessly

Highly Manual

Highly Automated

NONPROFIT  
FINANCIAL  
COMMONS

# Banking Technology

## ▶ EFFICIENCIES

- ▶ Electronic transfers: Reduced need for check issuance
- ▶ Remote deposit: Check scanning

## ▶ CONTROLS

- ▶ Positive pay: Ensures checks are only paid to verified vendors
- ▶ ACH block and filters: Prevent unauthorized outsiders from accessing or removing funds from an account

# Electronic Bill Pay

- ▶ Automated invoice approval workflow that be accessed via any computer or mobile device
- ▶ Integration with accounting software
- ▶ Can use paper checks or ACH
- ▶ Elimination of the manual process of cutting and mailing checks
- ▶ Electronic archiving

# Expense Management Software

## Technology: Automated Travel and Expense Reporting Systems

Web-based,  
mobile access

Scan or take a  
picture of  
receipts/  
documentation

Electronic  
approval  
routing

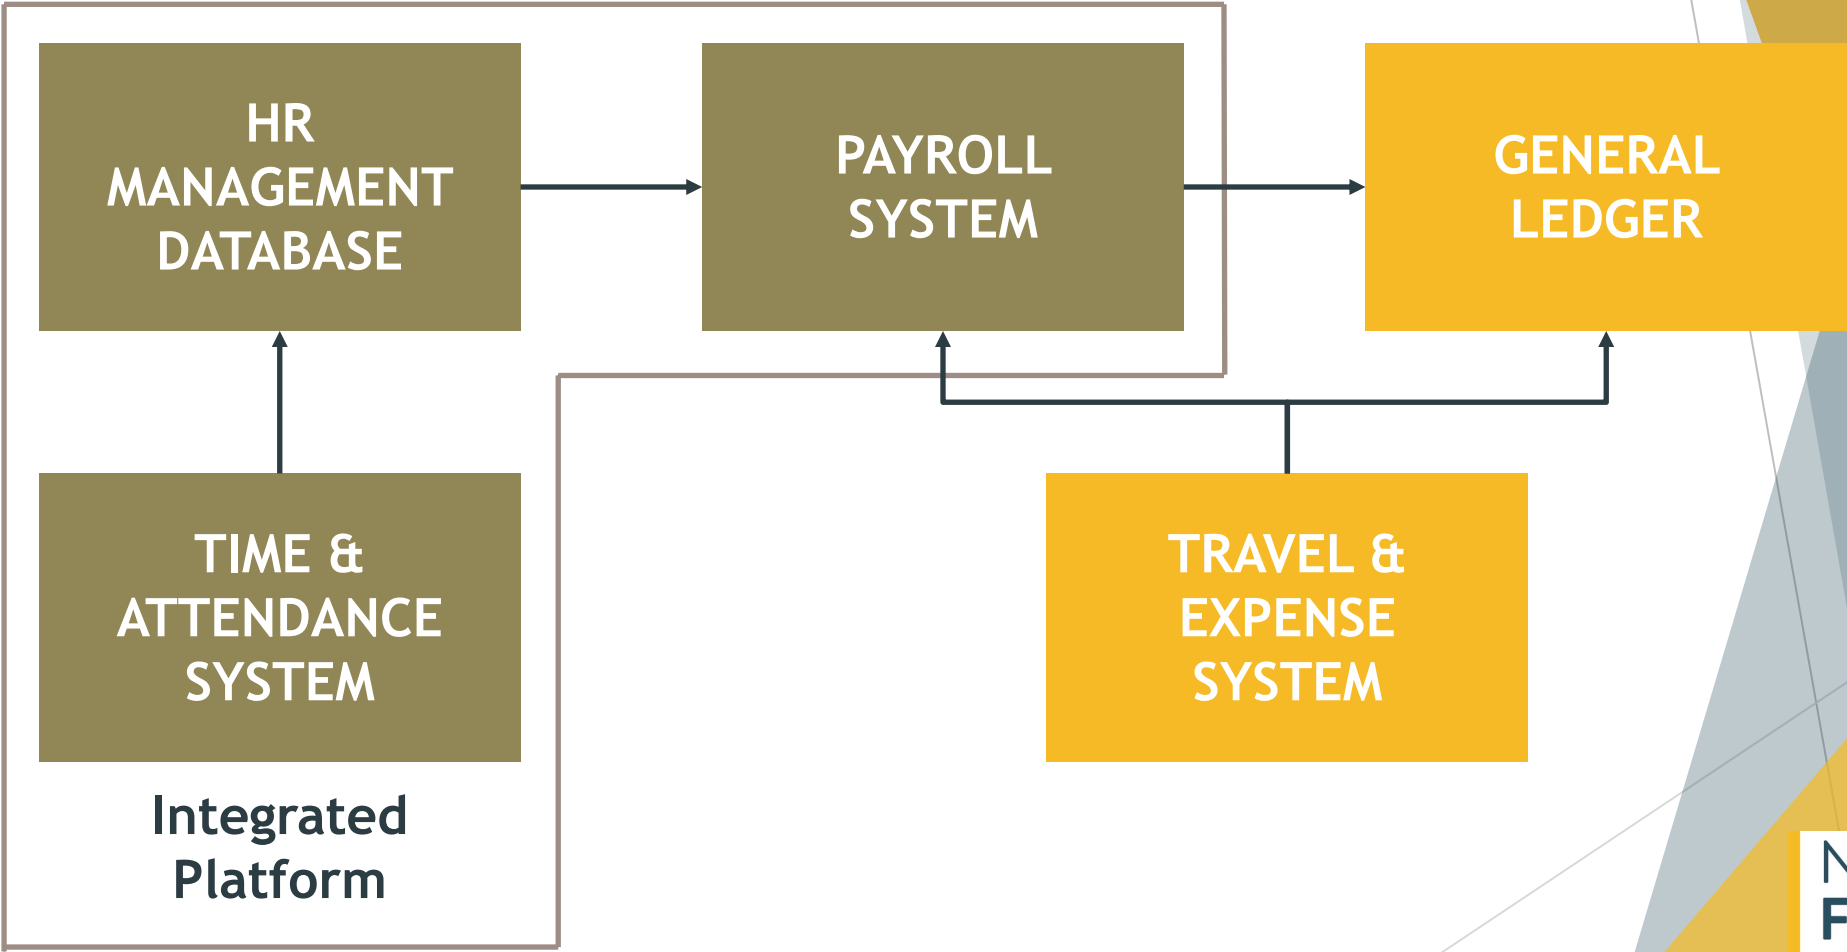

Direct  
connections  
to: credit  
cards, payroll,  
accounting  
system

Electronic  
audit trail

# Payroll and Time & Attendance

# Grants Management

## Billable Costs by Project or Grant

# Implementation

# Shared Financial Management

# Common Challenges for Implementation

Culture

Resistance to Change

Unclear Vision

No Bandwidth

External Factors

# Implementation Considerations

## CONNECTIVITY

- ▶ What integrations exist out of the box? Does the product work with existing systems?
- ▶ Do existing systems offer software solutions that should be explored?

## STRUCTURE

- ▶ Does the system structure align with other systems of record?
- ▶ What level of historical data can be migrated?

## SECURITY

- ▶ Can data be collected and maintained securely?
- ▶ Who is responsible for implementing security updates?

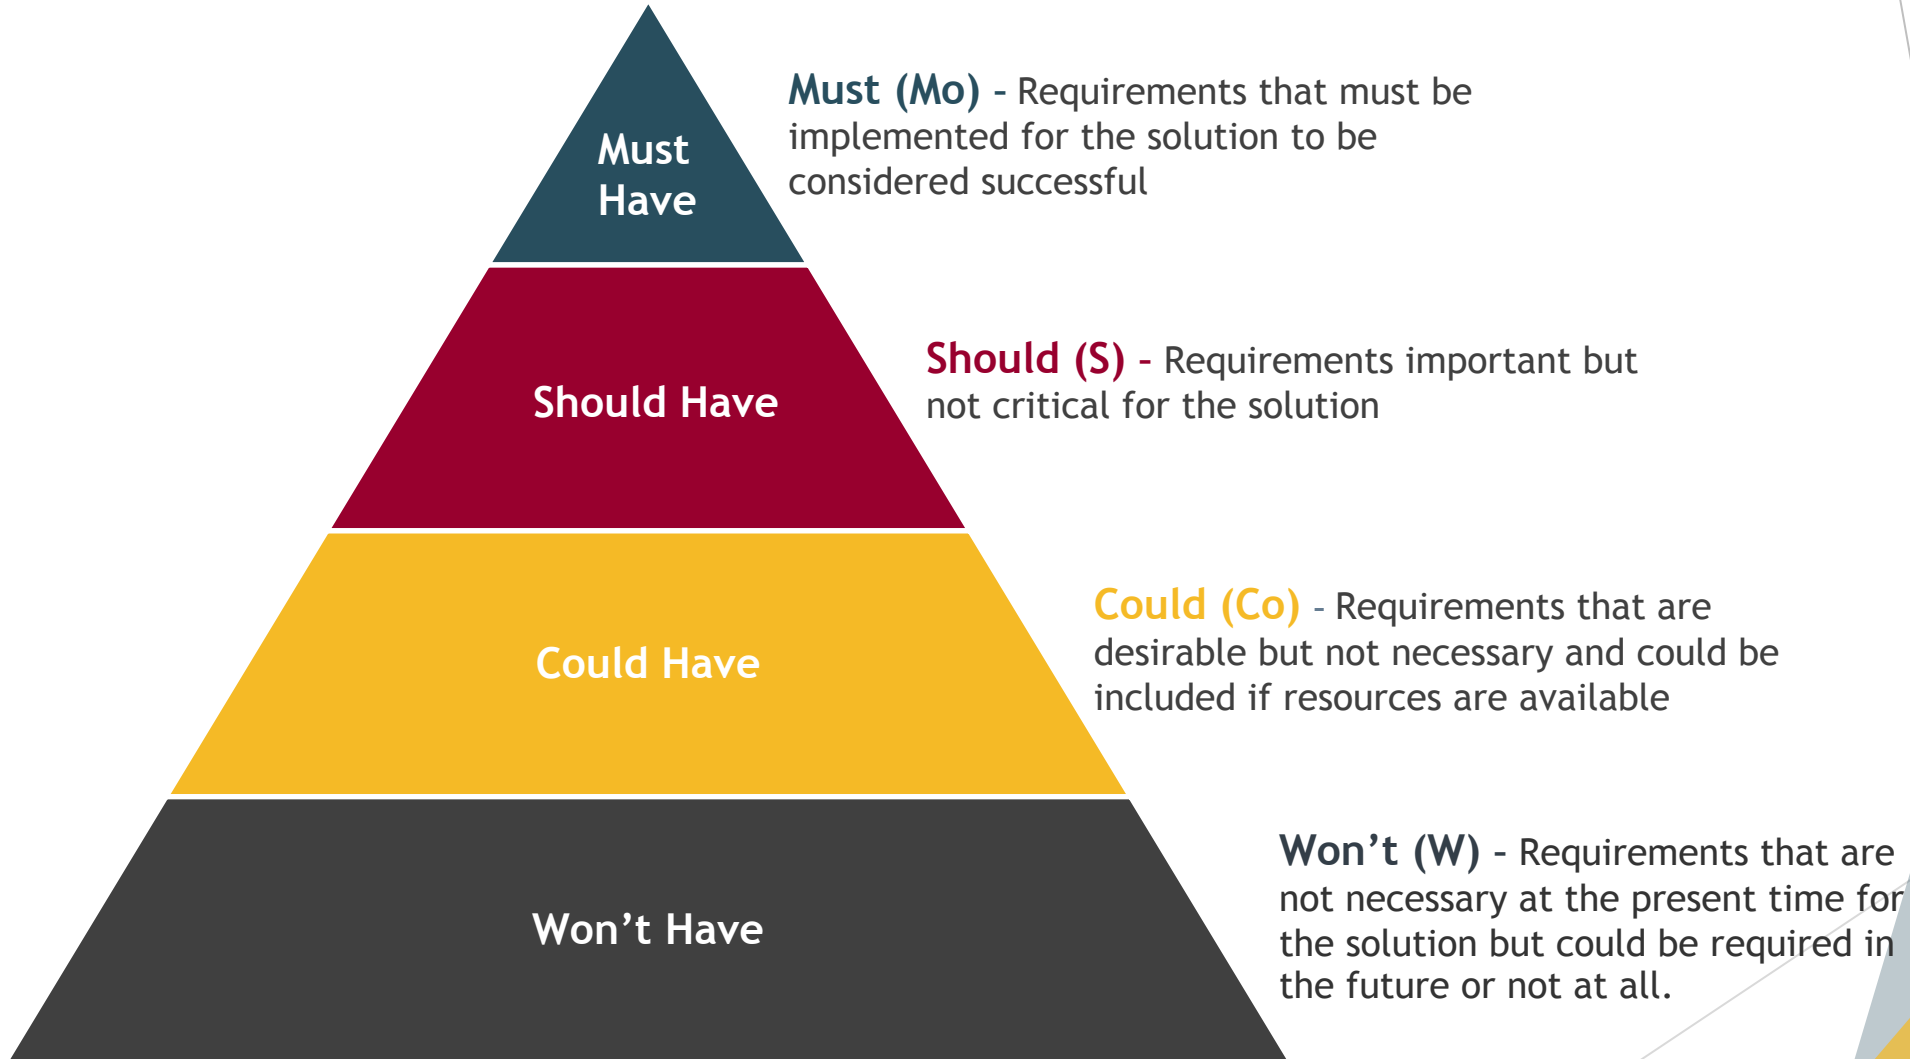

## EXPENSE

- ▶ How many unique users are included?
- ▶ What is the annual or monthly fee?
- ▶ Are there additional transaction fees to consider?

## CUSTOMIZATION

- ▶ Do you have in-house experience needed to customize the system?
- ▶ What level of customized staff training is required?

# Prioritization

The MoSCoW model was introduced by Dai Clegg of Oracle UK in 1994.

# Technology & Equity

Use technology to support staff equity:

- ▶ Require equitable equipment policies
- ▶ Support remote work

Promote equity in technology selection and implementation:

- ▶ Do not assume technical expertise
- ▶ Make both technology and training accessible
- ▶ Build inclusive teams
- ▶ Include users & constituents in implementation processes

Center equity in data policies and practices:

- ▶ Be intentional about collection, storage, and sharing of data
- ▶ Use data-informed decision-making carefully

[\\*https://www.nten.org/wp-content/uploads/2021/07/NTEN-Equity-Guide-for-Nonprofit-Technology\\_September\\_2020\\_v2.pdf](https://www.nten.org/wp-content/uploads/2021/07/NTEN-Equity-Guide-for-Nonprofit-Technology_September_2020_v2.pdf)

# Internal Controls

## WHY DO WE NEED INTERNAL CONTROLS?

1

**Protect resources** from waste, loss, theft, or misuse

---

2

**Ensure Resources are used appropriately** in accordance with stakeholder expectations, monitoring agencies, and your budget and plan

---

3

**Produce reliable financial statements** that are based on accurate and verifiable data

---

# Internal Controls & Technology

## HIGH RISK POSITIONS

- ▶ Database Administrator
- ▶ Security Administrator
- ▶ Systems Administrator
- ▶ Network Administrator
- ▶ Application Administrator

## CONTROLS

- ▶ Background checks or employment verifications
- ▶ Periodic monitoring of activity
- ▶ Strong controls to detect irregular activity
- ▶ Back up and recovery controls
- ▶ Principle of least provisioning

Q&A

NONPROFIT  
FINANCIAL  
COMMONS

# Key Takeaways

Are there one or two things that stand out as learnings you will try to apply?

# Our Takeaways

- ▶ Financial management is a shared responsibility requiring cross-functional collaboration across an organization.
- ▶ Selection and implementation of new technologies should aim to increase efficiency, strengthen internal controls, and promote a culture of compliance
- ▶ “Out of the box” technology solutions may not fit your organization’s specific needs. Develop an extended planning process to fully understand the implementation timeline, data structure, and needs for customization
- ▶ Before selecting a new technology, map out the relevant workflows to identify potential pain points and understand how responsibilities may shift with a new system or systems

## YOUR FORUM AWAITS...

Most commons have a forum where community members can meet to surface mutual concerns and exchange resources. At the Nonprofit Financial Commons, THIS is that space. Any question you have about nonprofit finances, whether it has to do with high strategy or granular practice, can be brought here. Here you can glean the rich wisdom of your peers and share your own hard-won insights and knowledge. Be and spread the change you wish to see.

# Resources

The screenshot shows the top navigation bar with the TECHIMPACT logo on the left and links for 'About Us', 'Nonprofit Tech', 'Career Training', and 'Events' on the right. The main content area features a collage of images of people and technology. The primary headline reads 'WE HELP NONPROFITS AND COMMUNITIES THRIVE' in large, bold, white letters. Below this, a sub-headline states 'Technology Services, Education, and Training that Makes an Impact'. At the bottom of the main content area, there are two white buttons: 'Visit the Technology Learning Center' and 'Get Unlimited IT Support'.

[techimpact.org](https://techimpact.org)

The screenshot displays the nten website. The top navigation bar includes the nten logo and links for 'Education', 'Resources', 'Community', and 'Membership'. A prominent orange banner contains the text 'Start your assessment today!' next to a circular logo with 'TECH ACCELERATE' written around it. To the right of this banner is a white box with the text 'Receive a custom report and score.' and a green 'Get Started' button. Below the banner, the main content area features a dark blue background with the text 'DOWNLOAD THE Equity Guide for Nonprofit Technology' in white. At the bottom of this section, it says 'Advancing the nonprofit sector's'. On the right side, there are partial views of other content blocks, including one with 'Tec lea' and 'Are yo Join N', and another with 'Fin you'.

# Implementation Planning

Implementing a New Technology Solution- Things to Think About	
What technology solution do you want to implement?	
Why this solution and why now? Think about: <ul style="list-style-type: none"><li>▶ How will this improve your financial management practices?</li><li>▶ How can you reallocate staff time?</li></ul>	
Who needs to be involved in the implementation process? Think about: <ul style="list-style-type: none"><li>▶ Who is the end user?</li><li>▶ Who will be the power user?</li><li>▶ Who will manage the process?</li></ul>	
What barriers might you face in	

# Software Assessment

## INSTRUCTIONS:

1. For each of the indicators below, answer “yes” or “no” for your organization.
2. Count the number of “yes” answer and enter it into the score box.
3. Turn to the scoring sheet and use your score to determine if this might be a high, medium or low priority for your organization.

System	Indicators of Need/Readiness	Yes	No	Score
ERP/Accounting System	<ul style="list-style-type: none"> <li>• Are you on QuickBooks and have a high percentage of restricted revenue that carries from year to year?</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>	
	<ul style="list-style-type: none"> <li>• Are you utilizing all the dimensions/cost centers of your software but still feel you need further flexibility to properly track your data?</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>	
	<ul style="list-style-type: none"> <li>• Are there “differentiators” unavailable in your system that would be beneficial to your financial management?</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>	
	<ul style="list-style-type: none"> <li>• If you are on QuickBooks and feel you need new software, are you ready to spend thousands of dollars more per year to improve your accounting system?</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>	
	<ul style="list-style-type: none"> <li>• Are you chasing after receipts from purchasers?</li> <li>• Is it difficult to get correct coding from</li> </ul>	<input type="checkbox"/>	<input type="checkbox"/>
